COUNTY OFFICIAL PAPER.

Saturday, October 27, 1906.

D. E. O'KEEFE, EDITOR AND PROPRIETOR

Gillett was a good workman and he will make a good governor.

Will Gilbert for surveyor is heard on all sides. He is a sure winner.

A vote for R. H. Jury is a vote for protection and prosperity.

W. H. Underhill is always on the go and he is making the most vigorous canvass of all the candidates.

When you vote for Jim Cronk for constable you will cast your ballot for a good officer.

Vote for Judge Henshaw and retain an honest and able judge on the Supreme bench.

Vote for C. L. McCracken, the nominee for tax collector is a vote to place an efficient, able and trustworthy man in office.

If you would preserve San Mateo county in the Republican column you must vote the straight Republican ticket.

C. D. Hayward majority will be very large. The people can always be depended upon to keep a good man in office.

Be sure and vote for Johnnie Johnston for recorder, the tried, true and competent official who has served the taxpayers faithfully and well.

Robert Chatham made the best constable the Third township ever had and he will make the best sheriff the county has ever had. Vote for him.

P. P. Chamberlain, the ever efficient and courteous treasurer will be elected by an overwhelming majority. This is as it should be. No better man was ever elected to office.

Roy W. Cloud has all the requirements necessary for school superintendent. His successful career as a teacher, together with a high order of attainments fit him for the office.

J. J. Bullock has filled the office of District Attorney with credit to himself and to the county. By all means retain him in office.

Public spirit, courage, honor and high order of intelligence are the characteristics of Joseph H. Nash, the Republican nominee for county clerk. The people of the county admire those traits in a young man and they are going to elect him.

No better, abler, more capable or sensible or progressive man than J. H. Coleman can be found on the board of supervisors. If the people of the Second township know their best interests they will elect him.

Edgar Shaw, the Republican nominee for supervisor of the Fifth township, is a progressive man with up to date ideas. He will make a splendid supervisor and the people of that township may be depended upon to elect him.

Dr. Plymire, the nominee for coroner and public administrator will be elected by a handsome majority. He has served the county faithfully and well as health officer and if elected will make a splendid official. He is a young man with ambition and has rallied to his support the young men of the county.

Voters should not forget Judge Kerrigan on election day. He is the Republican nominee for a seat on the appellate bench. He is an honest man who is opposed by the bosses, this is the reason why he should be elected.

GILLETT DEFENDED THE BILL

For many years the trainmen of the United States had been endeavoring to secure from Congress the passage of the Employers' Liability Act. At the last session of congress it came up for consideration before the House Judiciary Committee, of which Mr. Gillett was a member. He advocated the passage of the measure and President Roosevelt, who was also interested in the bill, invited him to a conference at the White House where the matter was thoroughly discussed. The president declared himself strongly in favor of the bill and Mr. Gillett told him that he would do all in his power in its interests.

At the subsequent sessions of the Judiciary Committee, Mr. Gillett advocated a favorable Committee Report which carried. There was a serious question that the bill as presented gave to the creditors the first claim as against widows, children or dependents. Mr. Gillett to avoid this, presented an amendment, preventing the priority of creditors, and it was adopted. When the measure came before the House on final passage, Congressman Sterling of Illinois and Gillett of California represented the bill and defended it against all attacks. It was passed, went through the Senate, was signed by the President and is now a law.

VOTE YOUR TICKET STRAIGHT

There is no just reason for Republicans to scratch their ticket. A more capable and efficient set of men were never presented to the voters of this county for their suffrage than were nominated at the San Mateo convention. The Democrats are howling for a change. This is an old campaign gag to befog the voters. The Republican ticket is almost made up of new men and those who have been renominated have made good public servants and shown their efficiency in office. All the nominees of the Republican party are just as good and in many instances will make more capable officers, if elected, than the nominees of the Democratic party. Then in Heaven's name why should any Republican scratch his ticket? Don't be misled by false issues or campaign lies but vote for the candidates of your party and if you do this the entire ticket will be elected from top to bottom. You can make no mistake by voting the ticket straight.

ANTI-INJUNCTION BILL

So much has been said and so little is apparently known about the status of the Anti-Injunction Bill that the following facts are worthy of attention:

At the last session of Congress, four or five Anti-Injunction Bills were pending before the House Judiciary Committee. One of them, the Gilbert Bill, was favored by the Conductors, Engineers, Firemen and Trainmen of the United States and was supported by H. R. Fuller, their representative. Towards the end of the session, Congressman Pearre, a member of the Judiciary Committee, at the request of the American Federation of Labor through its president, Samuel Gompers, introduced a bill which is known as the Pearre Bill. This bill was different from any other injunction bill in that it contained a provision that an injunction should only be issued to protect a property right. It contained the following language:

"and for the purpose of this act, no right to carry on business of any particular kind, or at any particular place, or at all, shall be construed, held, considered, or treated as property or be constituted a property right."

Many arguments were presented to the Judiciary Committee as to the merits of the various injunction bills and much testimony was taken thereon. Finally a resolution was passed by the Committee referring all bills to a special committee of three members with instructions to examine the measures carefully and the laws concerning them and to report the same to the Judiciary Committee for its consideration at its meeting in December, 1906.

No vote was ever taken in the Judiciary Committee or anywhere else on any of the Anti-Injunction Bills, nor was there any opportunity to vote to vote on them. Mr. Gillett, therefore, never had any chance to record his views on these measures and the charge that he voted against the Anti-Injunction Bill is consequently, absolutely false.

CIVIL SERVICE EXAMINATIONS

An examination for the position of clerk (male and female) and Carrier (male) will be held at the postoffice at Palo Alto, Cal., on November 17, 1906.

No application will be accepted unless properly executed and filed with the undersigned prior to the hour of closing business on November 12, 1906.

Charles L. Snyder, Sec. 12th Civil Service District, Postoffice, San Francisco, Cal.

WILLIAM M. TURNER

William Turner announces himself as a candidate for Justice of the Peace of the Third township. Every body can vote for him as he is the independent candidate for the office.

JOS. J. BULLOCK

J. J. Bullock, the popular nominee for district attorney will receive a very large vote. It is acknowledged on all sides that he has made a good prosecutor and deserves another term for his excellent work. In voting for him the electors of the county are voting to retain a tried and true young man in office.

The Redwood City Realty Co. has sold the Cronk Livery stable to Tom Wilson, the proprietor of the Pioneer Stables on Main St. Mr. Wilson will personally take charge of the A street stable while his brother will be in charge of the Main street one.

Residents of Redwood City keep your eyes on Wellesley Park. Prices will go up there and then you will be sorry. Get a move on now while there is time.

Last Thursday Judge Buck granted an interlocutory decree of divorce to Edna Maud Carroll from Geo. F. Carroll on statutory grounds. Both parties reside at San Mateo.

A decree of divorce was also granted John J. Nunes from Elizabeth E. Nunes on the grounds of desertion. Both parties reside at South San Francisco.

LAST Sunday, October 22, while going to the Catholic church from J. C. Flood's gas house, a ladies' gold open face watch with fine initials D. W. on back. Finder will receive reward of \$5 on leaving same at Flood's gas house.

PROSPEROUS SAN FRANCISCO

If there is any individual in the wide world who doubts the prosperity of San Francisco and the country tributary to it, he should look at the News Letter this week. Its pages are an exposition of good times, it has an illuminated back and front cover in colors and of a design that typifies its contents. This issue is devoted to the exploitation of the San Francisco peninsula. Rarely indeed has any literature been issued from a San Francisco press coming so near to being a work of art. Night and day the editors of this weekly magazine and the employees of its magnificent mechanical department have labored to produce a number that would do credit to San Francisco and its expansion to the southward, and when it is remembered that the volume of business secured for this issue was obtained in the territory under exploitation the wonderment that such a thing was possible at this particular time increases. A Peninsula Number contains 80 pages and it comes so soon after the Jubilee Edition, when the News Letter passed into its 51st year, that it is looked upon with amazement by every other local publisher. The fire and quake demolished the plant of the News Letter but by dint of great expenditure of money and untiring energy, the management, under the able leadership of Mr. F. Marriott succeeded in continuing publication without the lapse of a single issue. The Peninsula Edition is an art volume descriptive of the beauties and advantages, of the great home country between San Francisco and Sunnyvale and it may be had at all news stands today. Mr. F. A. Marriott deserves the credit for the wonderful work in the field.

E. A. HAYES FOR CONGRESS

THE REASONS WHY HE SHOULD BE RE-ELECTED

Has Ably Represented the Fifth District at Washington and Should Be Returned by an Overwhelming Majority

E. A. HAYES

Abraham Lincoln once said, "Never swap horses while crossing a stream," and this homely saying has become a maxim in the affairs of life. Today it applies with great force to the voters of this Congressional district. Four years ago they made the mistake of electing a so called workman, Wm. Winn of San Francisco, to Congress. While no doubt he served the district to the best of his ability, there was little he could do for his constituents. He did not belong to the party then and now dominant in Congress. He was placed on no important committees. Being unacquainted he found it difficult either to initiate or modify legislation in the House. The best he could do was to join his party associates in obstructing the legislation demanded by the majority party, and approved by the whole country by such tremendous majorities in 1904. At that time he was promptly relegated to private life by the voters of the Fifth Congressional district. They were satisfied he could do nothing for them, and they were right in their judgment.

Hon. E. A. Hayes has ably represented this district for two years. He is an honored member of the party in power, and has already become well acquainted. It requires at least one term for a congressman to learn how to make himself of real use to his constituents. Mr. Hayes has now secured the necessary training in the rules and customs of the House, and has made enough friends to be of more use to his constituents than his opponent can be if elected, even if he were a far abler man, and we have seen nothing to show that he can measure up to Mr. Hayes in ability, education or character.

To be sure Mr. Davis claims to have been a real working man some years ago. But he soon gave up that occupation for the more pleasant and profitable employment of representing the laboring man politically somewhere and he will only be content when he has a chance to represent him in the House at Washington. Mr. Winn had the same over powering desire, and was able to realize his ambition, but what working man in this district gained anything by his success? His party could do nothing to influence national legislation, and he had neither the ability nor experience to accomplish anything of especial merit by his individual efforts. Can Mr. Davis succeed where Mr. Winn failed? We see no reason to believe that he can. The odds are all against him. He won't be able to name a fourth class postmaster, much less influence legislation favorably for the people of his district. Workingmen have never known such prosperity as they enjoy through the working out of the policies of McKinley and Roosevelt. If they wish to have such conditions continued they should elect men to congress who will help the president to carry out his plans for the well being and happiness of the American people. The election of Mr. Davis and enough of his party associates to call a halt on the president means a rapid and sure return to the deplorable conditions for labor found in Cleveland's second administration.

Personally Mr. Davis has no advantage over Mr. Hayes, for the latter is one of the most approachable men we have ever known. Those who go to his office in San Jose to consult him on business either public or private find ready access and are sure of a hearing. A letter addressed to him in Washington brings a prompt reply. When in Congress Mr. Hayes will always be found in his seat in the House or with his committee. It does not take a man of his prominence at home long to establish his reputation at Washington. His honesty and integrity are already as well known among his fellow members as are his courtesy of manner and kindness of heart. There is nothing that Mr. Davis might be able or willing to do for the people of this district, but can be better done by Mr. Hayes. Nobody anticipates a Democratic landslide at this election, and without it Mr. Davis would be of no use to the people of this district. Even with

it, and with Theodore Roosevelt in the White House, Mr. Hayes would still be the more useful man to his constituents.

Mr. Hayes is a man of strong convictions and high purposes. He can give and take hard blows for what he believes is right. A man of his wealth had no reason to enter the field of politics in Santa Clara county except to better conditions. But he found city and county affairs so corrupt that he could not avoid making a battle for public decency.

Far in that battle he has won. To be sure he has stirred up the human vultures that prey on society and they have attacked him with beak and talon, but he has simply redoubled his efforts for the cause of the people. We are glad he is not of the kind that having once put his hand to the plough will turn back. Men of such determination are needed in Washington, and we are satisfied that the people of this district will see that he is reelected to congress on Nov. 3; and that they will contribute their share to the success of the entire Republican ticket.

DR. PLYMIRE

The office of coroner and public administrator is one of the most important in the county and its duties are such that require a man of medical education. He is the right hand man in the district attorneys office in murder cases. If he is not a physician then one must be called in to make the examination and ascertain the nature of the wounds and trace the bullet in case of shooting. The autopsy is required as evidence in the prosecution of all murder cases. Large fees are paid annually to physicians for such work and the taxpayers must foot the bill. In large cities like San Francisco a physician is paid for this work a large salary annually and he is connected with the office of the coroner and is known as the autopsy physician. Now in San Mateo county the business is such that the coroner must do it and if he is not a physician the taxpayers must furnish him with one at their own expense. This big outlay can be saved by the taxpayers if they will vote for Dr. Plymire for that office. He is the Republican nominee and is a man with wide experience and is capable and able to discharge the duties to the satisfaction of all. A vote for him is a vote in the interest of the taxpayers. It is up to you.

JOSEPH H. NASH

Fitness for the position to which he aspires is Joseph H. Nash's claim for the county clerk's office. He is an expert accountant and clerk and those are qualifications necessary for the performance of the duties of that office. He is a young man of ability and will fill the office with credit to himself and to the taxpayers. A vote for him therefore is a vote to place a capable, competent and trustworthy young man in office. He will make an excellent clerk. If elected he will give his whole attention to the clerk's office and those having business at the courthouse will find in Joe Nash an affable and obliging official.

C. L. MCCracken

If the taxpayers of this county want a man who is competent and careful in the discharge of his duties they will vote for C. L. McCracken for tax collector. A more capable man never filled that office. During his short time in the position he has systematized it and brought it up to the highest standard of efficiency. He has reduced the delinquent tax list to a minimum. It was lower this year than ever before in the history of the office. His splendid record is sufficient guarantee of his fitness and if elected he will be better prepared owing to his year and a half experience to serve the people better and with more efficiency. By all means vote for McCracken for tax collector.

ROY W. CLOUD

Roy W. Cloud, the Republican nominee for school superintendent is a young man of excellent character, well trained as an educator and one who, elected, will perform the duties of that important office to the satisfaction of every one. Mr. Cloud is a graduate from the grammar school of Redwood City and also from Sequoia Union high school and two years ago received his degree of A. B. from Stanford university. This long training surely fits him for the office to which he aspires. He is a young man who worked his way through college. He was beset on all sides with difficulties, but by hard work and constant effort he succeeded. Such a man is deserving of the consideration of every voter. Vote for him and help a deserving young man.

JOHN H. COLEMAN

The nominee for supervisor of the Second township J. H. Coleman, has made a good supervisor during the eight years he has been a member of the board of supervisors. No member of that body has ever looked after the interests of his constituents better than he. Mr. Coleman is a hard worker and watches carefully the expenditures of money. The roads and bridges in this district are in excellent condition. The people of the Second township could do no better than reelect Mr. Coleman.

JAMES N. GILLET

James N. Gillett, the next governor of California, addressed the people of Redwood City last Thursday afternoon in front of Geo. C. Ross' office. He made an able and business like speech that appealed to his hearers. Unlike Theodore Bell who spoke here last Monday he used no abusive language but presented his claims for the office in a calm, dispassionate manner, saying that if elected governor he would act fairly and just and would not be controlled by any man or set of men, corporation or interest. He pledged himself to serve the whole people. He showed how he was always the friend of labor by supporting measures in the State Senate and in the halls of Congress that conserved to protect and advance the interests of the laboring man. Mr. Gillett is a man of pleasing personality and one who gains confidence by the sincerity of his speech. He gained many votes by his address here.

BOB CHATHAM

Robert S. Chatham is making a winning contest for Sheriff through the county. It is pretty generally conceded that he will receive a nice majority as his friends are rallying to him with unbounded enthusiasm. His friends go so far as to predict that he will carry nearly every precinct in the county. Of his popularity there is not the shadow of a doubt. Wherever he goes in his canvass he makes warm friends on all sides. He is possessed of that singularly happy blending gentlemanly courtesy and manly courage so necessary befitting the aspirant for the office of sheriff. Many believe he should have this office this time because he was defrauded out of it four years ago by a technical decision. He made such a gallant fight at that time that gained for him the admiration of all. Mr. Chatham will receive the united Republican support and there is no question of his election. It is simply a matter of how much his majority will be.

J. F. JOHNSTON

John F. Johnston's claim to the Recordership is his fitness. All who have any business with his office will vote for him irrespective of party affiliations for they know his efficiency, they are aware of his capability and believe him to be an accommodating and courteous gentleman. These characteristics have won him many friends and that is the reason the people elect him every four years and that is just the reason the voters will elect him on the 6th day of November, next. Mr. Johnston is receiving encouragement on all sides that his majority this year will be larger than ever before.

W. B. GILBERT

Will B. Gilbert, the nominee for county Surveyor, is saying nothing but saying wood. Of course every one concedes his election by a big majority, but nevertheless he is making a great canvass. Mr. Gilbert is an affable gentleman, a good surveyor and a trustworthy official who discharges his duties in the interests of the tax payers. Such a man is a good one to keep in office. A vote therefore for Mr. Gilbert is a vote to keep an efficient and capable official in office.

P. P. CHAMBERLAIN

All signs point to the fact that P. P. Chamberlain will receive on Nov. 6th his old time majority. The people have faith in him and will give him their support as in the past. As treasurer for many years he has handled millions of dollars of the county funds and has accounted for every dollar. He has been faithful to his trust, honest and capable in the discharge of his duties and at all times has been courteous and obliging. He is a public spirited citizen liberal to almost a fault when the interests of the county were at stake. The people will exercise good judgment in keeping such a man in office.

EDGAR A. SHAW

Edgar A. Shaw, the Republican nominee for supervisor of the Fifth township, will make a model public servant. Owing to his good knowledge of road building he will render invaluable services to his district. If the voters of the Fifth township they will be true to themselves and vote for Edgar A. Shaw for supervisor.

HENRY UNDERHILL

W. H. Underhill has just returned from the northern part of the county. He speaks well for the support he is receiving in that section. Mr. Underhill has made a good canvass of the county and voters have become impressed with his pleasing ways and have formed a good opinion of his ability to creditably fill the office of auditor. The voter will have no cause for regret in voting for W. H. Underhill for auditor.

R. H. JURY

R. H. Jury the Republican nominee for assemblyman is a young man of energy, ability and brains and if elected will do his full duty at Sacramento. He will uphold the honor of the county at the coming legislature and secure whatever legislation the people want. He should have the full support of every Republican.

MENLO PARK HAPPENINGS

NEWS GATHERED FROM VILLAGE OF BEAUTIFUL HOMES

John Lincoln Reamer Dead—Land Sold at High Price—The Republican Rally Was a Grand Success

John Lincoln Reamer died at the Students' Guild hospital—Palo Alto Tuesday following an operation for appendicitis. Deceased had lived in Menlo Park for over a year, but was born at Forest Hill, Placer county, California, where his father, who was a pioneer, had been a successful miner since 1852. He is survived by his mother, Mrs. Sarah E. Reamer of Oakland, a brother, Geo. W. and a sister Mrs. D. D. Oliphant, of Berkeley. He will be buried in Auburn. The deceased was about 40 years of age. "Johnnie" as he was familiarly called, was a cement worker having learned the trade sixteen years ago with Mr. Goodman. For the past few years he had been in the employ of Harry B. Morey. The deceased was very popular and liked by all who knew him. His sudden death was a great shock to his numerous friends. He had been complaining for some time but only went to the hospital last Sunday evening.

The Republican rally here Wednesday evening was well attended and all the county candidates were present and made a good impression upon the voters and were given round after round of applause. It is pretty well conceded that all the Republican nominees will receive large majorities here except those who are opposed by local candidates. The Democratic party had its innings last evening and made considerable noise but did not make many votes. The rally will be the last of the campaign.

Sixteen and a half acres of land in La Loma Park, beautifully wooded, foot hill land was sold this week by Geo. C. Ross to E. Noel, secretary of the La Zacaualpa Rubber company, at a higher price than ever before paid for foot hill land in that vicinity. It was bought for a home site and the improvements will amount to \$25,000. The property adjoins that of Mrs. Callaghan and the proposed electric railway will run within a short distance of the tract.

There are a number of hobos and bad characters camping in the San Francisco creek near the railroad bridge who are a menace to the people. Several hold ups have been reported recently. The officers should get busy and rid the community of these loafers and thugs. Pedestrians are afraid to cross either the county bridge of the railroad bridge after dark.

During their absence in the east the beautiful country home at Fair Oaks has been occupied by the Jessups, Mrs. Coryell's mother's sister. Miss Eulalie Jessup does quite a bit of entertaining in a quiet way, gathering her friends around her for week end parties. This past week her guests were Mrs. Ray Gilbert, a young matron of Salem, Ore., and Miss Gladys Rulofson.

Mr. and Mrs. Timothy Hopkins and their daughter Miss Lydia are making Del Monte their headquarters while they are awaiting the completion of their lodge in Menlo, which they will occupy this winter. Their handsome country home was so badly shattered by the earthquake that enlarging and renovating the lodge seemed the more expedient and it will now soon be ready for occupancy.

Misses Jennie and B. Brennan arrived here from Providence, Rhode Island this week to visit their aunt, Mrs. M. Lynch. The young ladies are cousins of the late and lamented, Father Brennan, a former pastor of the Catholic church here who passed away at France after his return from the Holy Land.

E. L. Taylor has returned from a two weeks trip to the Gilroy Hot Springs. He says that there were 50 guests there before he left. Mr. Taylor, who was troubled with rheumatism has completely recovered.

A very charming luncheon was given Thursday by Mrs. DeCarl G. Wilson at their new home, Oakwilde, Menlo Park, in honor of the engagement of Miss Weland to Dr. Hale both of San Francisco.
